CPS Families Mobile App Installation

These instructions are designed to help with the CPS Families mobile app installation.

For iPad or iPhone users, the app is available in the Apple App Store by searching ClassLink LaunchPad.

For Android users the app is available in the Google Play Store by searching ClassLink LaunchPad.

1. Install the app.
2. Search for Columbia Public Schools and select Columbia Public Schools for Families.
3. Enter your username and password. NOTE: Your username is your unique guardian id. Your initial password is the email address you have shared with your child’s school.

In the search field type in Columbia Public Schools, Chose the for Families app.

Your username is your unique guardian number.

Your initial password is the email address you have shared with your child’s school. NOTE: Passwords are case sensitive.
